6. A projection of the Office of Security needs in the field of ADP resources for FY-1975 was completed and forwarded to the DDM&S Plans Staff.

STATINTL

ANALYSIS

As predicted, the case load began its return to a more normal state. Restaffing of the Policy Branch has begun and hopefully will be completed by mid-August. Training of the personnel involved will be staggered so as to have sufficient resources available to meet requirements levied on the group.

TRENDS

Using the completion of the Office of Joint Computer Support 67-1 report as a base, members of the Group will have increasing involvement with representatives of the Office of Joint Computer Support. Effort will be made to identify and take corrective action on processing security problems within the Office of Joint Computer Support requiring Office of Security support.
